

H.E.P.A. Dry Vacuums

The Crusader **critical filter vacuums** offer you a filter retention efficiency of 99.97% at .3 micron particle size. All models feature a multiple stage filtration process to protect the (H.E.P.A.) filter from premature failure. All of our H.E.P.A. critical filters are individually DOP tested and certified to safely filter dry hazardous materials. The vacuums are available in several different tank capacities with several different motor options.

15 gallon Utility Series H.E.P.A. Vacuum shown above.

30 Gallon Utility Series H.E.P.A. shown above.

Features

- 5 Stage filtration
- 10, 15, and 30 gallon polyethylene tank options as well as a 55 gallon drum adapter option
- Chrome plated steel head
- 8" Non-marking wheels & 3" swivel casters on 10 & 15 gallon units. Grey non-marking wheels are available on the 30 gallon
- Transport handle is standard on the 15 and 30 gallon, and is optional 10 gallon
- Easy to clean low profile design
- 1 1/2" 10' hose comes standard with each 10 & 15 gallon vacuum. 1 1/2" 15' hose comes standard with each 30 & 55 gallon vacuum.
- Utility series comes standard with a 35' power cord, and can be upgraded to a 50' power cord
- Easy to clean cloth filter bag that has a special coating

Utility Series H.E.P.A. 55 gallon drum adapter with optional #8055-CART 55 gallon cart shown above.

(55 gallon drum not included)

We have a large assortment of tools, attachments, and hoses available. Please see our vacuum tools and accessories literature or our website for more information.
