

FLOOR MACHINE ACCESSORY GUIDE

FLOOR MACHINE BRUSHES AND STANDARD PAD DRIVER

Carpet Brush:
6011 13"
6014 17"
6020 20"

These carpet brushes massage the dirt from the carpet for a deeper cleaning action. They are a Nylon mix.

Poly Scrub Brush:
6022 17"
6024 20"

The poly scrub brush is highly resistant to chemicals, fungus, and bacteria. It is ideal for general scrubbing, wet scrubbing, as well as stripping and re-coating applications.

Bassine Scrub Brush:
6022-BAS 17"
6024-BAS 20"

The bassine scrub brush is used for general scrubbing purposes. Its water absorption properties make it an excellent, affordable, choice for hard surface scrubbing.

Scrub Grit Brush:
6016-SCRUB 17"
6017-SCRUB 20"

180 Grit

The scrub grit brush works excellent for frequent maintenance cleaning. It is flexible enough for cleaning narrow grout lines and uneven surfaces.

Nylon Grit Brush:
6016 17"
6017 20"

80 Grit

The nylon grit brush is a very popular aggressive brush used for general scrubbing and stripping finishes on hard surfaces. It can also be used to clean wide grout lines.

Strata Grit Brush:
6016-STRATA 17"
6017-STRATA 20"

46 Grit

This is the most aggressive grit brush. It has a heavier gauge nylon with a larger grit and is used for aggressive scrubbing of concrete surfaces and aggressive stripping of resilient floors.

Polish Brush:
6021 17"
6023 20"

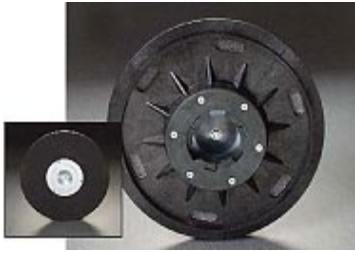

These polish brushes have a combination of Palmyra and White Tampico and are used in hard surface polishing applications.

Pad Driver:
6010 13"
6012 17"
6013 20"

This superior tufted pad driver has heavy polypropylene strands that are offset at 1/2" and are staple set into the block. The tufts (strands) penetrate into the floor pad for secure holding power.

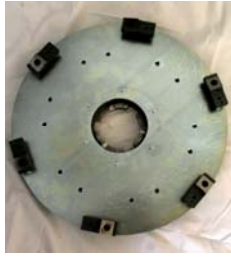

FLOOR MACHINE SPECIALTY DRIVERS & SCRAPER

Sand-Away Driver:

6025	17"
6026	20"

This sandpaper driver is a plastic one-piece block. It has a 3/8" foam pad and stamped metal centering device which provides great holding power. It is lightweight and works great.

Rotary Scraper:

6034	17"
6034A	20"

The rotary scraper weighs 26# and is used primarily for surface preparation. It comes with 6 - 1" cutting heads.

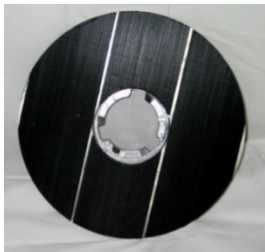

Orbital Diamond Driver:

6035	17"
6035A	20"

The orbital diamond driver weighs 36#. It has 6 - 4" independent rotating Velcro backed faces that rotate at 500-600 RPM. It is typically used for shaping, grinding and polishing granite, marble, and concrete depending on the disc you use.

FLOOR MACHINE DUST CONTROL RING

The weighted diamond pad driver weighs 46# and is used with steel wool, scrub pads, and diamond pads for heavy scrubbing, polishing, and light grinding.

Weighted Diamond Pad Driver:

6036	17"
6036A	20"

The dust control ring is used to hook a vacuum to your floor machine to collect the dust. Mainly used in dusting and grinding applications

9017-DUST	17" Dust control Ring
9002-DUST	20" Dust Control Ring
9017-DUST-BULL	17" Dust Control Ring for BULL
9002-DUST-BULL	20" Dust Control Ring for BULL

FLOOR MACHINE WEIGHTS & MOUNT

9000-WEIGHT	25# Horseshoe Weights (1 each)
9000-MOUNT	Mounting System

Add up to 3 of these 25# weights to the heavy duty machines for better scrubbing, sanding, and grinding. They require the mounting system that must be ordered with the machine.

FLOOR MACHINE SOLUTION TANK

2.5 Gallon	6006
4 Gallon	6006A

Add a solution tank to ease the application of your solutions to the floor.
